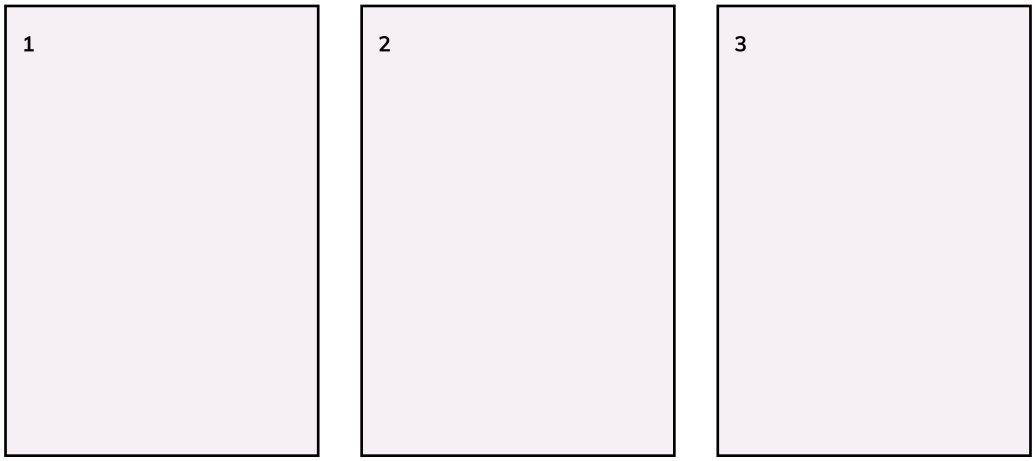
TAROT CHEAT SHEET

three card spread

The **Three-Card Spread** is a versatile and straightforward spread perfect for beginners and seasoned readers alike. It provides quick insights into any situation by examining the past, present, and future.



1. **Past -** Influences or events from the past affecting the current situation.
2. **Present -** The current state or immediate circumstances.
3. **Future -** Possible outcomes or what lies ahead.

This spread is ideal for daily guidance and reflection. For example, if you're contemplating how a recent argument with a friend might unfold, the three cards can reveal how past misunderstandings (Past) have led to the current tension (Present) and suggest possible reconciliation or continued strain (Future). It's also useful when time is limited but insight is needed on specific questions or situations.
